### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

While the prior art does disclose many designs for apparatus using magnetostrictive techniques, the prior art does not disclose a thin ferromagnetic strip made of an iron-cobalt alloy placed between the transmitter/receiver coils and the tube or pipe under inspection, in combination with the other features of the claims. It is further noted that while the claims are written in Jepson style format, the Applicant has indicated that all of the subject matter of the claims is Applicants' work.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenneth J Whittington whose telephone number is (571) 272-2264. The examiner can normally be reached on Monday-Friday, 7:30am-4:00pm.
